

Andante Series

Active Portable Speakers

CONCEPT

The Andante line of active, light-weight moulded speakers strikes the best balance between portability, sound and versatility. An in-built mixer, a unique stereo link mode, precision transducers and a hybrid power amp with a real punch – all are included in one portable package, available in three form factors. Whether it be conference, event, or presentation: this speaker will serve all your needs.

FEATURES

- Hybrid bi-amplified concept with light-weight switch mode PSU
- Vented acoustic design
- 3-CH mixer: Mic | Line | Stereo In
- Main audio input via Combo socket
